

Y-12'S CONTRIBUTION to the Jaycee-sponsored "Miss Oak Ridge" contest are shown from left, Janet Hightower, Kathy Mills, and Pat Puckett. The pageant, which had its climax the night of the Fourth of July, saw Pat take "Miss Congeniality" and Janet and Kathy place in the top five in the competition among the 13 contestants.

Mirror, Mirror On The Wall . . .

Three Y-12 Maids Place In Top Five, Competing In Beauty Pageant Naming "Miss Oak Ridge"

Three Y-12 lovelies recently competed in the Jaycee-sponsored "Miss Oak Ridge" pageant, highlighted with Fourth of July celebrations at Blankenship Field. Janet Hightower, of SS Control; Kathy Mills, Production Control; and Pat Puckett, Production Inspection were all there representing the old hometown. Pat Puckett took the "Miss Congeniality" title, while the other two contestants remained in final competition for the coveted title.

Janet Hightower

Janet Hightower's brown hair, green eyes and fair complexion put her high in the recent "Miss Oak Ridge" competition. Janet, who works in SS Control, is a 1959 graduate from Oak Ridge High School. She is the daughter of Mr. and Mrs. E. C. Hightower, 107 Principia Lane, Oak Ridge.

Among Janet's many hobbies are sewing, tennis and dancing. While in high school she was active in the Latin Club, Key Committee Club, Tennis Club, Biology Club, Pep Squad and Masquers. She recently performed in the Jaycee Follies of 1961. A member of the First Methodist Church, Oak Ridge, Janet served as treasurer of the District Methodist Youth Fellowship there.

She came to work in Y-12 May 31, 1960.

Janet stands five feet, six and one-half inches tall, weighs a trim 118 pounds and measures 36-23½-36. She received a bathing suit and evening gown for placing in the top five contestants, also was given assistance on hair styling, make-up, poise and fashion coordination, not that she needed any of them.

HAREM SCAREM

A furniture factory in Oslo filled an order recently from a Saudi Arabian prince for a sofa that seats 45 persons.

Kathy Mills

Another 1959 graduate from Oak Ridge High School, Kathy Mills, Production Control, was named among the top five of the contenders for the "Miss Oak Ridge" contest.

Kathy, who attended Western Kentucky State College, Bowling Green, Ky., came to Y-12 August 15, 1960. She is the daughter of Mr. and Mrs. George Allen Mills, Sr., 105 Victoria Rd., Oak Ridge.

A talented musician, Kathy plays piano, organ, and bass violin. This past year she was featured vocalist with a local combo in Oak Ridge. She stands five, five, and her measurements are 37-24½-37. With dark brown hair and hazel eyes, Kathy's ready smile, along with her other attributes, took her far in the competition.

The dark-haired beauty likes to bowl. No new-comer to beauty contests, Kathy competed in the 1960 Miss Oak Ridge Contest also.

Pat Puckett

Named "Miss Congeniality" in the Oak Ridge beauty pageant was Pat Puckett, Production Inspection's contribution to the parade of beauties. Pat, the daughter of Mrs. Andy Puckett, Shelbyville, Ky., and the late Mr. Puckett, lives at 82 Tennessee Ave., Oak Ridge. She came to work in Y-12 December 5, 1960.

She attended the Spencerian Business College, Louisville, Ky. Her hobbies are painting, reading, swimming and bowling. She also performed in the Follies last winter in Oak Ridge. Pat is a member of the Cotillion Club in Shelbyville.

Her blue eyes, blonde bouffant-styled hair and fair complexion set off her statuesque five feet-seven inches height. Her measurements are 38-25-28½, and she weighs 140 pounds.

Pat's lively disposition, apparent on a first meeting, took her to the first place in personality competition.

Final Nuclear Society Meeting Set For Tomorrow

The Oak Ridge Section of the American Nuclear Society will hold its final meeting of 1960-61, tomorrow, Thursday, at 7:30 p.m., in the Green Room of the Ridge Recreation Hall, Oak Ridge.

Two movies will be shown, one of which is "Remote Maintenance Fluid of Fuel Reactors." It will be narrated by W. B. McDonald and

E. C. Hise, of Oak Ridge National Laboratory.

This final meeting of ANS is open to the public.

BOA TRAFFIC GROWS

British Overseas Airways reports it carried 626,000 passengers in the fiscal year 1959-1960, an increase of 26 per cent.

Former ORGDP Plant Superintendent New President Of Plastics Company

William B. Humes Is Oak Ridge Pioneer; Left Here To Join Canadian Division Of UCC

William B. Humes, former Plant Superintendent at the Oak Ridge Gaseous Diffusion Plant in Oak Ridge, has been named president of Union Carbide Plastics Company, a division of Union Carbide Corporation, according to Birny Mason, Jr., president.

A native of Altoona, Pa., Humes received his bachelor of science degree in chemistry from Harvard in 1940 and joined a firm in the Boston area which became associated with the Manhattan Project in the early days of Oak Ridge. He worked in the Maintenance Division at ORGDP, before becoming assistant plant superintendent in 1947. In February, 1948, Humes was named Plant Superintendent at ORGDP, and served in this capacity until June, 1951. At that time he was made superintendent of production.

In January, 1954, Humes was made manager of operations for Union Carbide Canada Limited in Toronto. In that capacity, he coordinated production, sales and development activities of the divisions of the Canada Limited organization.

January, 1956, saw Humes named president of the newly-formed Silicones Division of Carbide. The Silicones Division was formed to assume responsibilities in the field of silicones previously handled by Linde Company, another Carbide division.

Before his most recent appointment, Humes served as vice-president of Union Carbide Plastics Company.

William B. Humes

Mid-Year Dividend Set By Credit Union

Construction On New Building Satisfactory

Y-12's Employees Federal Credit Union, in a Board of Directors meeting, held July 13, 1961, has declared another mid-year dividend of five per cent per annum. The directors voted this dividend on all shares held by Credit Union members as of June 30, 1961.

Another such dividend was declared last January by Credit Union officials. These dividends are credited to depositors account in accordance with usual procedures.

One of the advantages of mid-year declarations is that the interest is thus compounded semi-annually; and interest is paid on interest earned to the depositors. This also encourages depositors to leave their savings in shares and allow them to accumulate interest.

Meanwhile, Credit Union officials announced satisfactory progress on the construction of the new building. Actual construction began the middle of June, with ground-breaking ceremonies taking place on March 16, 1961. Occupancy of the new building is expected early in the fall.

Telescoping Time On Vacation Is Perilous

AAA Warns Against Excesses In Two Weeks

The American Automobile Association's office in Kingsport, Tenn. has issued this timely warning for vacationers. "To try to cram a month of activity into two weeks of vacation is running the risk of a traffic accident, unnecessary fatigue, and illness."

To help Y-12ers enjoy a safe vacation, the AAA issues the following list of suggestions:

1. Get an early start before the roads are jammed with traffic.
2. Try to stop for the night before darkness. It is safer to drive in day light.
3. Drive only a reasonable distance each day. It is foolish to set a rigid schedule and then rush to meet it. Three to four hundred miles a day is plenty for any driver.
4. Stop every hundred miles for a coffee break and a stretch. It will rest you making your driving much more efficient.
5. Eat and drink in moderation. You will enjoy your vacation more.
6. Take the sun in moderate doses. A bad case of sunburn can be very painful.
7. Use precaution in swimming, especially when young children are involved. Do not try to swim too far, and be certain a qualified lifeguard is in the area.
8. Finally, try to remember that there will be other vacations. It is not necessary to see and do everything on this one. Relax and enjoy yourself.

Mr. and Mrs. Thomas H. Huffine
HUFFINE-RENEAU

The Central Baptist Church, Oak Ridge, was the scene of the wedding of Miss Jean Carolyn Reneau to Mr. Thomas Howard Huffine, on June 10. The father of the bride, Rev. Buford E. Reneau, of Y-12's Area Five Maintenance, officiated. The groom's parents are Mr. and Mrs. T. A. Huffine, Route 2, Kingston; the bride is the daughter of Rev. and Mrs. Reneau, 247 Highland Ave., Oak Ridge.

The bride wore a chapel-length gown of nylon Raschel and lace, with tulle ruffles. It was styled with a high scalloped neckline trimmed with pearls and the fitted bodice had long pointed sleeves. Her shoulder-length veil of imported illusion fell from a chiffon petal-shaped cap decorated with pearls. Her bouquet was white rosebuds with a white orchid, atop a white Bible, and trailing streamers.

Maid-of-honor was Mary Lee Knox, Oak Ridge, who wore a pale blue chiffon dress with matching blue lace jacket with three quarter-length sleeves.

The groom's best man was Raymond Hoyt Guettner, Kingsport. Ushers were Lowell Kent Wade, Lenoir City, and Raymond Coffey, Kingston.

A graduate of Oak Ridge High School, the bride is employed in the Calvary Baptist Church office as a secretary. The groom is with the Cherokee Stone Company, Lenoir City.

After a wedding trip to Gatlinburg, the couple is at home at 101 E. Hunter Cr., Oak Ridge.

Three or four weeks ago, The Bulletin was swamped with weddings . . . this week it's babies! (No connection, of course.) Actually, there is a connection, but not in this case. Life does get complicated, doesn't it?

Let's not complicate matters any further. Let's see what goes on around the grounds.

SHIFT SUPERINTENDENTS AND UTILITIES

From Utilities comes news that G. M. Martin and family vacationed around Fontana Village, N. C. and Center Hill, Tenn. . . . E. J. Garrett and family chose Myrtle Beach, S. C. . . . R. E. Bailey took his folks to the mountains, then visited relatives at Copper Hill . . . J. W. Fox vacationed with his family at Cape Canaveral, Fla. . . . D. C. Bowen is spending his vacation also with his family doing ham radio work, and spending a lot of time on local lakes . . . A. H. Schubert's family took in some deep sea fishing and watching beach scenery around Indian Rock, Fla. . . . A. S. Howell and family took off to Miami Beach, Fla. . . . A. M. Baird stayed at home to get acquainted with his wife's new automobile . . . J. A. McLain did a lot of little league umping on his vacation, with the help of lots of mothers, of course . . . F. L. May and C. W. Matlock took long breaks recently at their lakeside cabins . . . L. L. Kilgore took advantage of his long break to work on his new roadside drive-in . . . J. B. Tallent planned to try out his skill on Watts Bar Lake fishing . . . H. B. Renfro took an unknown destination vacation . . .

And from the old SS office, D. P. Anderson and family vacationed in Washington, D. C. . . . and the office bade farewell last week to Lee Collins.

To really know a man, observe his behavior with a woman, a flat tire, and a child.

FINANCE AND MATERIALS

Engineering Records enjoyed a recent cook-out at the home of Evelyn Crouse at Concord. Everyone in the group was in on the plans except the hostess, who was taken by complete surprise.

Timekeeping is happy to report that L. F. Powell has returned to his home from University Hospital, and best wishes still go to him.

Andy Inman, Engineering Services, is vacationing on Norris Lake in his house boat. Hopes are for a lot of fish.

Finance and Materials Administration comes along with Bobbie Hill spending a week-end in Kentucky . . . and E. C. Ellis, superintendent, will think twice the next time he teaches a son to play golf . . . his son recently defeated him.

Accounting and Budget still sends Ken Denton get well wishes . . . he's missed around the grounds.

If a woman's intuition is so wonderful, how come they ask so many questions?

INDUSTRIAL RELATIONS

Burkett Bailey, Safety, vacationed in the surf and sun at Virginia Beach . . . hurried back in time to participate in the golf tournament this week-end . . . and Floyd Shook is still bragging over grand-daughter number three (see Mechanical Operations News.)

Fire and Guardsmen are sending out get well wishes to T. H. Allison, ill in Oak Ridge Hospital . . . F. A. Ruckart decided to see BOTH sides of Florida on his vacation . . . Capt. J. H. Shoemaker is vacationing two weeks in and around the house at Clinton . . . Get well wishes are speeded C. C. Butler, also.

Superintendent George W. Flack went back to Pennsylvania

for the cotton-picking season up Yankee-land way.

Bankers are like everyone else . . . only richer.

MECHANICAL OPERATIONS

From Superintendent Jack Case's office comes the good word that little Patrick Todd Case appeared Sunday, July 9, in the Oak Ridge Hospital to the Cases . . . weighing eight pounds, seven ounces.

The parade of baby photos starts with Tool Grinding in the personage of little Tammy Susan Hatfield, born June 30, at Baptist Hospital in Knoxville, weighing seven pounds 10½ ounces. The proud pop brought the evidence along in this photo.

Also from the MO Division Office it's learned that Emily Helton and Paul had a wonderful week down on Jekyll Island, off the Georgia coast.

Production Control reports Buddy Scott and Ed Cothron spending a week on Watts Bar Lake . . . Al Strickland vacationed with his family in Kentucky and Ohio . . . Bob Harris sacrificed his vacation to be a counselor at a Boy Scout Camp at Pellissippi . . . Walt Goode vacationed at home entertaining visitors from New Jersey, Pennsylvania and Kentucky . . . Eddie Maeyens also played host to out-of-town visitors recently . . .

"Dick" Dickerson and family visited relatives in Shreveport, La., and he reports the weather hot there! . . . Dave Owens prettyed up his home at Oliver Springs on his vacation . . . Guy Seaton and family took off to Sarasota, Fla. . . . Harold Babb took an at-home vacation after the Fourth and ended up with a sore nose . . . And in case you're looking for places to stay in Atlanta and Gatlinburg, just ask Martin Gardner because he tried them all out on his vacation recently . . .

Patty Matlock is vacationing at Cape Canaveral, Fla. with a former college chum. They hope to see one of "them astronauts" while they're there . . . Tom and Edna Webber and family spent last week at Sand Island . . .

Avis Collins and family also took off to Florida, this time to Clearwater . . . Bob Stoutt is away marching for Uncle Sam at Fort Stewart, Ga. . . . Clyde Hopkins may start winning golf tournaments any day now; he reports his game finally improving . . . Get well wishes to Don Lanham's wife who underwent surgery recently . . . Don took off a few days to help around the house . . . and the department's own Miss Oak Ridge (see page 1) Kathy Mills spent the past week-end with friends in Bowling Green, Ky.

This wide awake youngster is the latest addition to the household of the C. F. McCulleys. (He's in the Press Area of Beta Four's Assembly and Forming.) She is Carlene Denis McCulley, born June 8, weighing eight lbs.,

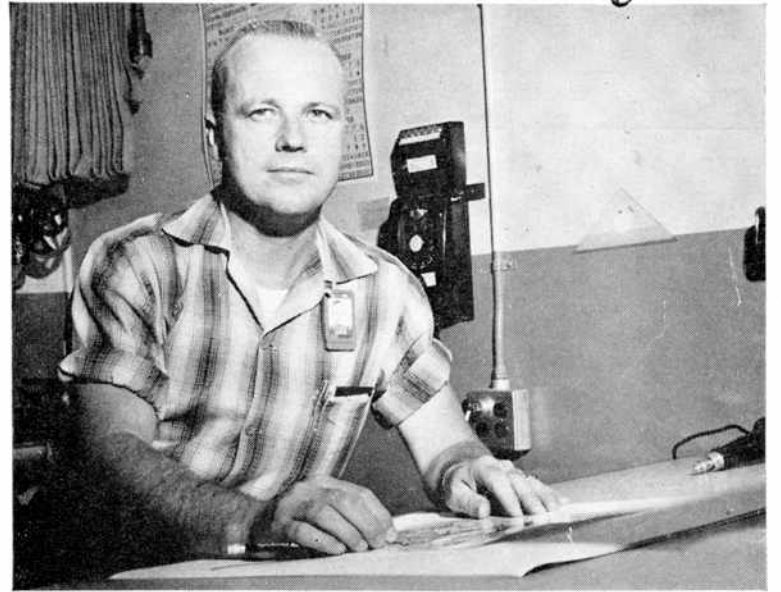

Carlene

Free Lance Cartoons Come Easy To Engineering Man

6-10635

MANY OF THE FINE CARTOONS seen in the Bulletin lately have come from the hand of Floyd Downs, who likes to "fool around with pen and ink" during his leisure time. Floyd, in Y-12's Civil and Architectural Engineering Department, lives at 320 East Fairview, Oak Ridge. His father, before him, was a draftsman; and Floyd says he, too, has always been interested in art.

Thomas Carlyle said in his "Sartor Resartus": "No man who has once heartily and wholly laughed can be altogether irreclaimably bad." He further went on, "The man who cannot laugh is not only fit for treasons, stratagems and spoils; but his whole life is already a treason and a stratagem."

A Y-12er that believes in a good laugh now and then has been submitting cartoons and humorous quotations to The Bulletin. Floyd M. Downs, Jr., Civil and Architectural Engineering, is no novice in the drawing business. Drafting by profession came as

no accident to Downs, since he has always been interested in sketching.

He has behind him two correspondence schools in art. Born in Miami, Fla., Floyd grew up in Stone Mountain, Ga.

He came to Oak Ridge in November of 1945, working as a sign painter at the Oak Ridge Gaseous Diffusion Plant. He came to work in Y-12 in September of 1950.

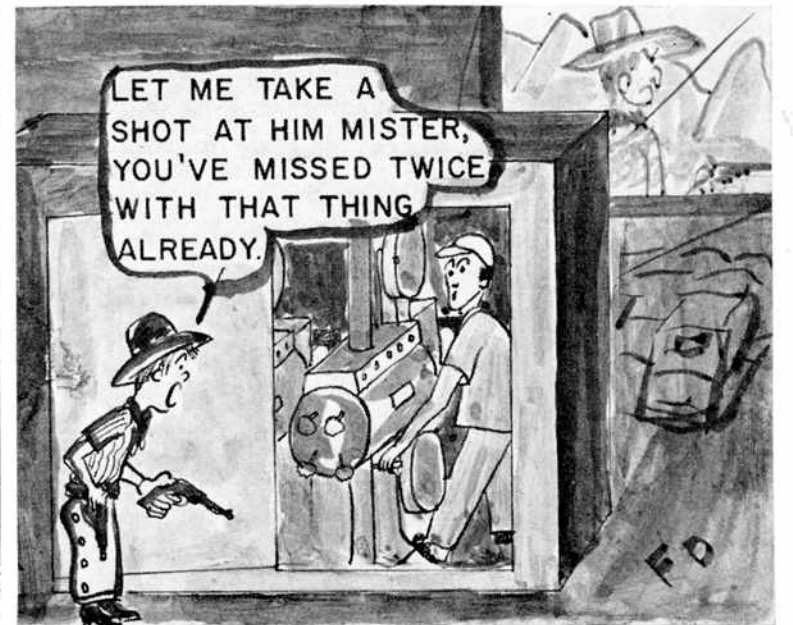

Some of Downs' cartoons are shown below. The Bulletin will, from time to time utilize some of his fine drawings.

No, it isn't that. He paid all his debts, then lost his mind wondering HOW!

If the Joneses next door can afford twins, well, we can too. You tight-wad.

A telephone talks to anyone who listens.

Don't blare out everything you know.

Forfeits And Rain Slow Slo Pitchmen To Low Gear; Y-12 Buzzards Drop Out

Y-12's Development And Buzzards Complete First Half Of League With Their 12 Games

The Slo Pitch League for Carbiders shifted back into low gear last week, getting only one night of play in. The rains, dampening the diamonds again, slowed the league play almost to a stop. Actually, only three games were played of the scheduled six on Tuesday of last week. Three fell into the forfeit group as some teams failed to show up with sufficient numbers to man the fields.

At Pinewood, the Y-12 Buzzards sacrificed one by forfeit to the Codgers from the Oak Ridge Gaseous Diffusion Plant. Later enough players showed up for the hapless Buzzards for them to encounter the ORGDP Fly Swatters, falling 18 to 9. Slattery and Carter homered for the winners, and Oldham and Hall came through with four-baggers for the losers. Other long-hitters for the Fly Swatters were Cates, Slattery and McCall with triples; and Box, King, Love, McCall with doubles and the dangerous Cates with two doubles.

Line scores:

Team	R	H	E
Fly Swatters	18	21	3
Buzzards	9	10	4

Batteries: Fly Swatters: Box and Love; Buzzards: Pogue and Norton.

The Fly Swatters were not so fortunate in their encounter with Y-12's Development ten, falling heavily 12 to 7. The Y-12 aggregation featured Evans and Pridgeon and a double each. Another four-bagger was copped by Hammer; while doubles were earned by Culver, Richards and Huber.

Line scores:

Team	R	H	E
Development	12	17	8
Fly Swatters	7	11	2

Batteries: Development: Blanks and Darley; Fly Swatters: Box and Witt.

At Jefferson two games were forfeited as ORGDP's league leading Kentucky Wonders took one from fellow plantmen on the D Shift team. The Y-12 Peons also won a forfeit from the absent D Shifters. The only action at Jefferson's fields saw the ORGDP Odds 'N Ends swamp Y-12's 9215ers by a murderous score of 20 to 2. For the luckless losers only Ely scored a multiple-based hit with a double. For the winning O & E team it was Cox with a homer, Miller with a triple, Mothershed, Williams, Cox and Roach with doubles.

Line scores:

Team	R	H	E
Odds 'N Ends	20	17	3
9215ers	2	6	6

Batteries: Odds 'N Ends: Lemons and Williams; 9215ers: Frost and Beeler.

Thus the first half of league play is finished for Y-12's Development team, which finished with a 500 score, winning six and losing the same. The Y-12 Buzzards also finished with 12 losses for the first half, and announce they will be unable to play scheduled games in the second half.

Dropping from league play in the first half, the Buzzards give forfeits to remaining games on the schedule. These forfeits are included in the standings below. Thus only 12 teams will be competing in the race for second half honors: five from ORGDP, and seven from Y-12.

League standing follows:

Team	W	L
Kentucky Wonders	11	0
Red Devils	5	1
Odds 'N Ends	9	2
Codgers	8	2
Peons	7	4
Development	6	6
Atoms	5	6
Tabbs	4	6
Fly Swatters	4	6
D Shift	4	7
Blue Demons	1	7
9215ers	1	8
Buzzards	0	12

4 Skunk Scores In Ridge Loop

Dan Stroud, Art Hines Tie For Low-Of-Week

Four skunk "white-wash" scores were posted in the Oak Ridge Golf League for Y-12ers last week as leaders Hines-Emlet dumped Underwood-Earley for the full six, along with Peterson-Presley over Dehoney-Knowles; Smith-Bartholomew over Gregory-Kurtz; and Mitchel-Tibbatts over Andrews-Turner. Five pointers were taken by Stroud-Ebert over Brown-Roberts; Mee-McLendon over Boyd-Oliphant; and Hackett-Townsend over Crone-Douglass. Four pointers came to Crow-Breman over Holzknecht-Peckman; and Ratjen-Hoppe over Belvin-Hopkins.

Dan Stroud and Art Hines, in number two and number one spots consecutively, tied for low scores-of-the-week with a low scratch of 36, and handicap of 32.

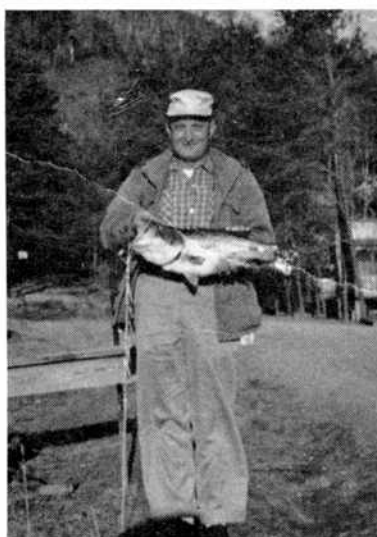

League standing follows:

Team	W	L
Hines-Emlet	63	3
Stroud-Ebert	49	17
Peterson-Presley	49	17
Holzknecht-Peckman	42	24
Brown-Roberts	41	25
Mee-McLendon	41	25
Smith-Bartholomew	36	30
Dehoney-Knowles	35	31
Boyd-Oliphant	35	31
Ratjen-Hoppe	31	35
Mitchel-Tibbatts	27	39
Crown-Breman	26	40
Hackett-Townsend	26	40
Crone-Douglass	25	41
Belvin-Hopkins	25	41
Andrews-Turner	20	46
Underwood-Earley	15	51
Gregory-Kurtz	8	58

Concord Park Site For C Shift Picnic

The folks on C Shift are planning a big hamburger fry for tomorrow, July 20, at Concord Park. Kicking-off time is set for 2 p.m. with free boat rides, free swimming for the children, and games and fun for all.

The burgers and buns will be furnished and C Shifters and any other Y-12er and his family are invited to the gala shindig.

WHAT A LARGEMOUTH—the fish, of course! This giant was caught at San-teetlah, N. C., on an artificial lure. Jim Graves, Product Processing, pulled this one out on a recent week-end jaunt over into the mountains.

ALL QUIET ON THE WESTERN FRONT as Jim Cook is about to putt into the little sink-hole. Watching from left are W. B. Goss, J. P. Grubb, and Roscoe Hicks, all avid golfers . . . and sure bets to appear at most any Y-12 tournament offered . . . either here or there.

Lenoir League Still In Bind

Lead Could Alter In One Lone Match

One slim point still separates the leaders in the Lenoir City Golf League, as they plowed into their July 3rd week among competition for Carbide golfers. Four point wins were taken by most players . . . they were Rogers-Thompson over Harris-Carter; Watson-Collins over Beckett-Cox; league-leading Hicks-Cook over Hudson-Morrison; Wray-Cabe over Case-Frizzell via forfeit; Hensley-McGinnis over Grubb-Clayton; and James-Stanton over Rutherford-Huston. The only three-point margin tilt saw Reid-Gregory take Miracle-Kingsbury. The team of Hudson-Morrison has dropped for league play. Opponents for the rest of the season scheduled to duel these two will reap a four-point win by forfeit.

W. C. Collins took low scratch score of the week with a 39 . . . and tied with W. James for handicap lows with a 33.

League standing follows:

Team	W	L
Hicks-Cook	31½	8½
Rogers-Thompson	30½	9½
Rutherford-Huston	28½	11½
Watson-Collins	28	12
Miracle-Kingsbury	26½	13½
Harris-Carter	23	17
James-Stanton	22½	17½
Reid-Gregory	17½	22½
Hensley-McGinnis	16	24
Beckett-Cox	14½	25½
Hudson-Morrison	12½	27½
Wray-Cabe	12	28
Grubb-Clayton	9½	30½
Case-Frizzell	8	32

Christman Drops 2 On Tennis Courts

Al Christman fell victim to two losses in the Tennis League for Y-12ers last week suffering losses to Gene O'Hara and Sam Campbell. O'Hara took him 6-2, 6-2, and Campbell scored 6-1, 9-7. The other match of the week saw Al Fischer over Dick Huber 2-6, 6-4, 6-4.

League standing follows:

Team	W	L
O'Hara	3	0
Campbell	1	1
Rekemeyer	0	1
Huber	0	2
Christman	0	2

'Beware The Barbecue' Is Summer Watchword

Cook-outs are fun . . . don't turn them into tragedy. When lighting a fire in the grill, don't depend on gasoline or other low flash point liquids for ignition. Keep children away from the area near the fire. Be sure to wear gloves when cooking on an open fire. Take care when disposing of hot coals and rubbish. And also remember never to eat food that has become tainted or spoiled. Meals cooked out-of-doors are usually a pleasant change — try not to make them otherwise.

Morgan-Leach Tie Whittles Low Of Week

The Whittles Golf League for Y-12ers, in its 12th match the week of July 3, saw two full-count three wins as Sawyer-Perry took a forfeit from Kovach-Marrow; and Spradlin-Clabough drew a bye. Two and one-half point victories were chalked up by Phillips-Leach over Ball-Emery; while two pointers were taken by George-Newman over Hendrix-Parker, and Morgan-Campbell over Troutman-Galle.

C. C. Morgan and D. F. Leach tied for scratch honors each with 36; Leach took handicaps with 32, closely followed by Morgan's 33. The Phillips-Leach duo took team lows with 74 and 67 respectively.

League standing follows:

Team	W	L
Phillips-Leach	32	4
George-Newman	25	11
Sawyer-Perry	22½	13½
Spradlin-Clabough	21½	14½
Troutman-Galle	20	16
Hendrix-Parker	17½	18½
Morgan-Campbell	17	19
Kovach-Marrow	14½	21½
Ball-Emery	14	22

B Shifters Busy In July 27 Plans

Thursday, a week from tomorrow, July 27, is the big day for B Shift-folk. They are gathering for an all-day outing at Concord Park.

Lunch is announced at 12:30 p.m., and free swimming for the children, as well as favors. Five drawings will be held at the hours of 11 a.m., 12 noon, 1 p.m., 2 p.m., and 3 p.m.

There will be free watermelon, cantaloupe, ice cream and soft drinks for all. The charge for the entire affair is only 25 cents and all Y-12 families are invited by B Shifters to attend.

Building 9706-1A Has Picnic At Big Ridge Park

It was wet bathing suits, soggy sandwiches, and a tired but happy crew that left Big Ridge State Park Saturday, July 15. The crowd down in Building 9706-1A, comprising Statistical Services, Tabulating Services, and SS Control got together for a summer picnic.

Swimming, gabbing, and eating were the sole duties of the day. Needless to say, fun was had by all.

DIAL "O" FOR HELP

Parents should teach very young children to dial zero properly on the telephone to reach the operator in case of emergency, the National Safety Council suggests. Youngsters are more like to remember "O" than a long number.

Huskisson-Loy Beaver Leaders

Edge Into First Place With ½ Point

Y-12's own Huskisson-Loy turned in a whitewash score in the Beaver Brook Golf League for Carbiders last week to become new leaders in the league. Other such clean-sweeps were registered by Wilburn-Ingle and Braden-Butler.

After ten weeks of play the saw-saw battle for leadership saw Al Longest with a low handicap score of 30; Bill Wilburn and Jim Corum tied for scratch lows with a 36 each.

League standing follows:

Team	W
Huskisson-Loy	30½
Corum-Lewis	30½
Wilburn-Ingle	28
Roberts-Bomar	26
Brogan-Taylor	22½
Bailey-Treiblcox	22
Braden-Butler	21½
Longest-Brandon	18½
Shemanski-Ferguson	18
Freeman-Bordes	17½
Lamb-Gary	15½
Bryson-Mattingley	15½
Lasher-Gideon	8½
Blakely-Pietz	2½

116 Golfers Sign In Morristown Meet

A total of 116 golfers have registered to participate in the Golf Tournament to be held Saturday, July 22 at Morristown. The first tee-off is set for 7 a.m., and entries are urged to be present 20 minutes before their scheduled times.

The 72-par course at Morristown offers a green fee of \$3. Y-12ers are again reminded they will be guests on the green, and the customary rules of golfing etiquette should be observed.

Letter 'E' Is Most Overworked Of All

The letter "e" is the most used letter in the alphabet. That is one reason it is the first and most easily accessible letter on the linotype keyboard — a keyboard more wisely and scientifically arranged than that of a typewriter.

It is also said to be the most unfortunate letter in the alphabet, because it is always out of cash, forever in debt, never out of danger, and in torment all the time. All of which is true. Still, it is never in war, always in peace and always in something to eat. It is the beginning of existence, the commencement of easy, and the end of trouble. Without it there would be no love or heaven. It is in the center of honesty and is always in love!

About the time you struggle up even with the Joneses, they re-finance.

July Poster Contest On Fire Prevention

Deep Fryer and Safety Container Are Prizes

As announced earlier this month, the Safety Department sponsored poster contest is featuring the theme "Fire Prevention," for its competition during July. Actually, the poster theme will be used in October, which is always as a tradition national fire prevention month.

The winners in the contest will be given an electric deep-fat fryer as first prize, and a safety approved gasoline can for second. Many fine awards have been taken in the popular contest.

It's fun and easy to enter. Safety's rules, which have been given many times in The Bulletin, are easy and uncomplicated.

Only two contests remain in this series of competitions . . . for November and December.

Deadline for the July contest is Monday, July 31. Any employee in the Y-12 area is eligible to enter, unless he works for the Safety Department, or has been a previous winner. Members of employee's families may also enter the poster contest.

All ideas should be submitted to the Safety Department, and become their property. Judging is done by safety engineers, and all decisions are, of course, final.

Will join car pool from vicinity of Vermont Ave., Oak Ridge, to Central or West Portal, straight days. R. G. Wilder, plant phone 7757, home phone Oak Ridge 483-1439.

Muscle Contraction Is Topic Of ORNL Seminar

Oak Ridge National Laboratory's Physics Division announces its seminar of the week as "Wave Mechanics and Muscle Contraction." It will be led by W. A. Arnold, of ORNL's Biology Division.

Held in the Central Auditorium of the 4500 Building in ORNL, the seminar will be given at 3:15 p.m. Friday, July 21, and is open to all interested technical personnel.

International Opens New Lab In Geneva

One of the first such laboratories in Switzerland and one of the most extensive of its kind in Europe, the Union Carbide Europa Technical Services Laboratory opened recently in Geneva. Laboratory programs will include studies on new applications, along with technical assistance to the European plastics industry. The types of plastics material to be emphasized will include polyethylene, polystyrene, polyvinyl chloride and copolymers.

A TYPICAL POSTER idea for Fire Prevention is seen above. The Safety Department likes to use, whenever possible, contributions from employees, however.

Y-12ers With 15, 10 Years Company Service

Congratulations to the following Y-12ers who will observe 10 years of Company Service within the next few days. No employees are listed in the group with 15 years continuous service.

10 YEARS

Lathrisia P. Tilley, Product Processing, July 19.
Alvin J. Kerley, Production Processing, July 19.
Edmon P. Webster, Z Area and Dispatching, July 19.
Robert B. Smith, Stores, July 20.
Paul E. Shepard, Buildings and Grounds, July 21.
Boone G. Preece, Beta Four Assembly and Forming, July 22.
Agnes D. Gracey, Special Testing, July 24.
Albert H. Wilson, Z Area and Dispatching, July 24.
Lubirda Campbell, Janitors, July 25.
William H. Sherrod, Process Maintenance, July 25.
Richard E. Sladky, Engineering Physics Development, July 25.

Get well wishes are extended the following Y-12ers who were patients last week in the Oak Ridge Hospital:

H. C. Giles, Area Five Maintenance; T. H. Allison, Guard Department; V. E. Justice, Product Processing; John Baird, Beryllium Fabrication; C. C. Butler, Fire Department; Fred J. Salts, Research Services; Ernest Lawson, Process Maintenance; Everett H. Ashton, Beta Four Assembly and Forming; Martha Blevins, Sunflower Shop; J. H. Ray, General Machine Shop; and Edward J. Coffman, Special Mechanical Production.

Take security everywhere you go.

Continued From Page 2

and 13½ ozs. With blue eyes and brown hair she quickly won everybody's affection. They decided right off to keep her.

From Beta Four's Heavy Machine Shop it is told that N. B. Beason took off to Alabama, to see all the kinfolk . . . G. P. McGhee stayed at home to show off the beauties of East Tennessee to relatives visiting from Florida . . . L. Valentine spending his vacation supervising his wife's garden work . . . Joe Sherrod is hanging around Cape Canaveral hoping to see something . . . watch it, Joe, remember they sent "Ham" the chimpanzee up once! . . . Mr. X, a former Beta Four man, now in another building, bragged his car could outrun Mr. Y's car, so they started out to see. Mr. Y was far, far ahead so Mr. X looked down at the gears, saw "Lo", which he thought was "Leave Out!" so he shifted to "Lo". Mr. Y was still ahead, so Mr. X tried "Dr" which he th't was "Drag," Mr. Y still kept getting farther and farther ahead. Frantic at last Mr. X happily noticed "R" on the panel and naturally thinking that meant "Racing" shove the gear to "R", and the whole transmission fell out on the road. Better luck, next time, Mr. X . . . E. M. King is down in Florida recapping from his little league accident. It seems his two little sons thought that would be just the place for Pop so they mowed lawns and did odd jobs to help finance the trip . . . J. G. Plummer is still off sick, but feeling better, and best wishes are wafted his way . . . A. E. Faulkner, of the Alpha Five Shop, left for Commerce, Ga. on the 13th when his mother died there. All the shopfolks extend their sympathy . . .

And how's this little sleepy head coming along? Fine, according to Grand-pop J. E. Llewellyn of the Press Area . . .

Kimberly

proud he's about to pop! Her parents are Mr. and Mrs. William E. Llewellyn.

Beta Four Assembly and Forming has H. C. Boyd, C. W. Cate, T. E. Deal, R. E. Gray, E. F. Leach, B. G. Preece, R. Reynolds, J. D. Robertson, and F. G. Townsend on vacations unknown . . . Condolences to W. L. White on the death of his father recently . . . Also to the H. B. Presley family in the loss of their baby daughter . . . D. E. Wilson and family chose Florida as a likely vacation-spot . . . N. E. Hoffman took off to the big state of Texas, to bring the family back home.

From Special Mechanical Production it's vacations almost all the way! . . . Last week it was L. V. Moyell, J. A. Moon, J. W. Henderson, Morris Dupee, H. H. Gallups, G. J. Walls, G. R. Owens and R. D. Scaff . . . and this week it's A. J. Redding, S. F. Edwards, and Joe Dick, all took unbeknownst vacations . . . W. R. Harvey stayed at home this week in Lenoir City . . . ditto for H. M. Malicoate at Jacksboro . . . J. C. Gibbs visited his mother this week in Clarksville . . . And one reason J. M. "Pat" Patterson is walking taller these days is that he's so proud of Jr. who went into the Air Force recently. Young Jim left last week to begin training in electronics at Lackland Air Force Base in Tex. . . . Sympathy is extended B. H. Hobby, whose aunt, Mrs. Tilden Hall died recently in Henderson, N. C.

The three K's at the F. L. Deal household don't mean they've joined the Ku Klux Klan . . . they stand for the three daughters . . . Krista, Kerry, and now little Karla Danielle born on the Fourth of July, of all times! Karla weighed seven pounds, two ounces. Grand-pop is Floyd Shook, Safety.

The General Machine Shop extends sympathy to J. N. Greer, in the death of his brother-in-law recently . . . More vacations in the Shop are reported for this week with H. T. Pless off to Georgia and Florida fishing . . . John Crossno, to Cleveland, Ohio, Jackson, Tenn., St. Louis, Mo., and Sumpter, S. C. . . . wheew! . . . Charlie Blaha off to Ohio and Indiana to surprise friends and relatives . . . W. O. Thompson chose Daytona Beach, Fla. . . . Rufus Knott went to Detroit, then across the border into Canada . . . Darryl Bowen stayed at home in Oak Ridge with side excursions to nearby lakes . . . R. C. Bell went to Oklahoma to visit friends . . . J. W. Cantrell joined the crowd toward Florida . . . likewise did Frank Shipley, Jr. Other Shoppers vacationing this week, but not telling plans were J. D. Draper, J. C. Chamblee, Grady Nichols, Charlie McCormick, E. C. Edwards, A. J. Crawford, George Stines, T. I. Reaser, L. E. Underwood, J. Lovegrove, G. C. Keller, R. E. Ferguson, and A. G. Bryant . . . All that commotion around the Lou Watson household was

Julia

caused mostly by the appearance of little Julia Elizabeth Watson, born July 2, 1961. She weighed nine pounds, two and one-half ounces. The mother, Jerry, will be pleasantly remembered by Property folks. Mother and baby, and, of course, old Lou, are all doing fine!

TECHNICAL

From Mechanical Inspection it's heard that there was great excitement around the Bert Searles household last week when son Dick came home from the Azores on a three-week's leave . . . Glen Wells spent a recent vacation lolling around home in K-town. . . . Everett Rogers reports his son Don back after spending a week at Camp Pellissippi roughing it with the Scouts.

From Statistical Services, Pearl Youngblood and Joe (he's in Radiation Safety) have moved into their new home on Morningside Dr., Oak Ridge.

Karen

and seven and one-half ounces. Ed is in SS Control.

CHEMICAL OPERATIONS

From Uranium Recovery, vacationers include Joe Bridges taking in the Horse Shows at Lexington, Ky. . . . H. S. Lane at Gatlinburg . . . R. P. Smith visiting relatives in Pennsylvania and on to Vermont, then back to North Carolina . . . quite a tour! . . . Dave Hoskins is welcomed back to work after being off for surgery . . . Mattye May is vacationing at Miami Beach, Fla. . . . and it's a little late, but it has just come to everyone's attention that the C. F. Ferguson household

welcomed a new daughter on June 17, named Marie Diane Ferguson . . . hats off to Marie, belatedly!

Down in Beta Two folks said fond goodbyes to Mary Scott, in Walt Cameron's office. The girls all got together for cake and coffee and gave Mary a remembrance, and photos will appear of this later. We didn't want to be remiss, however, and fail to wish Mary the best of everything!

MAINTENANCE

Process Maintenance maintains that Helen Sisson took off to El Paso, Texas, and from there was going to White Sands, N. M., where the new missile base is being built . . . G. W. Davidson is on vacation at Lookout Mountain, Chattanooga . . . F. W. Gallagher took it easy around home in Oak Ridge.

Research Services came up with A. R. Merrell vacationing in Charleston, S. C., then on to Myrtle Beach . . . H. G. Simerly spending his vacation at Indian Rock Beach, Fla. . . . V. A. Mattox took off to California, as did D. F. Kirby, with a side trip planned for Phoenix, Arizona . . . E. B. Galloway visited in Denver. . . . K. E. Prater went Florida-way . . . Get well wishes to one and all: C. W. Ellison, E. E. Oliver, R. A. Cate, R. M. Rowan, A. A. Hitchcock, F. J. Salts, and E. L. Pickard . . . Sympathy is extended the family of J. C. McBryar who died of a heart attack on July 5 . . . J. L. Spray is receiving congratulations on his first grandchild's birth, a boy!

From Area Five Maintenance it's heard that Helen Beckner entertained her mother and aunt who visited recently from Detroit . . . S. G. Bishop took a fast jet out to Los Angeles recently to visit his brother . . . The following new employees are welcomed aboard: I. H. Bell, J. F. Baker, W. Cook, H. W. Green, J. D. Hatmaker, W. H. Miller, P. Pelfrey, R. D. Shank, G. W. Tuck, R. J. West and H. C. Whitson . . . S. F. Sparks decided to spend two weeks around home at Route 20, Knoxville . . . A. G. Stooksbury followed the same route most everyone's taking, down to Daytona . . . C. R. Bolt went a "fur piece" when he visited the state of California . . . R. H. Singleton took off to South Carolina over toward Myrtle Beach . . . E. H. Johnson has been accused of bear hunting in the Smokies, but he is there now, nevertheless, bear-hunting or not.

J. D. and R. L. Martin, of the Janitors Department, are enjoying their vacation at home with daughters and grandchildren visiting from Detroit, Mich.

It's a wise man that knows his son. It's a smart aleck son that knows his father.

ENGINEERING

Project Engineering projects the theory that Fran Willie had a ball in Florida recently . . . came back with a dress button on her charm bracelet. It seems she lost a button in a cafe at Cape Canaveral and it was retrieved by none other than Virgil (Gus) Grissom, scheduled to go into a space capsule. She reports a couple of pleasant hours shooting the breeze with Gus and four other fly boys of the space age . . . Joyce "Babe" Williamson is ill in Fort Sanders and get well wishes pronto are speeded her way . . . George Ford came back from Myrtle Beach, sun-tanned and stuffed with seafood.

Instrument Engineering 'lows that B. B. Bell really enjoyed vacationing with his family in Arkansas . . . Al Norris is bidding a fond farewell to the happy days of bachelorhood and joining the ranks of the "newly married set" . . . and it's also told around that Rasey Feezell will be "best" man. Lynn Noey let being elected president of the Instrument Society of America go to his head. He is following in the illustrious footsteps of other presidents by taking up golf . . . Pat Lewis departed for new horizons and will take up residence in Huntsville, Ala.
